Blickensderfer Serial Number Collection

TWSN Master list.doc Rev. Dec 31, 2015

This collection of Blickensderfer serial numbers was initiated by the late Paul Lippman, probably in the 1970's. Dennis Clark added more serial numbers. Bob Aubert, who dug out much information on the early history and development of the Blickensderfer typewriter, also added many serial numbers. Jose Legrand added serial numbers also. By 1990 there were several hundred known Blickensderfer typewriters. Michael Brown collected serial number data during the 1990's. By year 2000 there were about 1000 on the list. From 2000 to 2017 Rob Blickensderfer added about 2000 typewriters gathered mostly from ebay. In March 2017 Jos Legrand began managing the list.
